# 1. About the Conference

## 1.1 Details

The Redesigning Pedagogy International Conference (RPIC) is a global platform for researchers, educational leaders, practitioners and policymakers to collectively debate and generate creative solutions, and to actively exchange research and educational ideas and experiences between and across local, regional and international educational communities.

**Date:** 2 – 4 June 2026

**Venue:** National Institute of Education, Nanyang Technological University, Singapore

**Theme:** Education Research for Impact

## 1.2 Benefits of Sponsoring at RPIC 2026

RPIC is a platform to

- **Increase brand visibility amongst targeted audience** – your brand visuals will be displayed to approximately 1,000 participants who are in the field of education and education research
- **Strengthen your business brand** – as you position your organisation as a champion for education innovations through your products and services via advertisements or exhibition booths.
- **Network** – Move beyond logos to meeting and interacting with researchers, policymakers, education leaders and educators from local and overseas institutions all over the world
